

Curriculum vitae

Daniele Del Rio

Born in Reggio Emilia, Italy 22-06-1976

Contact: Department of Food Science, University of Parma, Italy

Tel +39 0521 903830

Fax +39 0521 903832

e-mail: daniele.delrio@unipr.it

Relevant career events:

2000	Master degree in Food Science and Technology at the University of Parma
2002-2003	Visiting Scientist at the Plant Products and Human Nutrition Group directed by Prof. A. Crozier, Division of Biochemistry and Molecular Biology, Institute of Biomedical and Life Sciences at the University of Glasgow.
2003 – 2005	Research Assistant (BIO/09 – Physiology) at the Human Nutrition Unit of the Department of Public Health of the University of Parma.
May 2004	PhD in Food Science.
November 2005 – on	Assistant Professor / Lecturer in Human Nutrition (BIO/09 - Physiology) at the University of Parma.
January 2011 – on	Coordinator of the Laboratory of Phytochemicals in Physiology, within the Human Nutrition Unit at the Department of Food Science, University of Parma.
November 2012	Co-founder of the LS9 - Bioactives and Health Interlaboratory group within the Department of Food Science at the University of Parma.
2013 - 2014	Visiting Scientist at the Need for Nutrition Education/Innovation Programme, Cambridge, UK.
December 2013 - on	Senior Collaborator, The Need for Nutrition Education/Innovation Programme (NNEdPro), Cambridge, UK.
December 2013 - on	Co-founder and Member of the board of directors of the University of Parma Spin-off “Madegus”
July 2012 - on	Assistant Professor at the Department of Food Science, University of Parma
July 2014 - on	Honorary Visiting Scholar, the British Medical Research Council Human Nutrition Research Unit, Elsie Widdowson Laboratories, Cambridge, UK.
July 2014 - on	Visiting Scholar, The Wolfson College - University of Cambridge

Teaching activities:

2006 – on	Human Nutrition (@ MSc Food Science and Technology);
2009 – 2011	Human Nutrition (@ BSc Preventive Health Professions).
2013 - 2014	Fundamentals of Human Nutrition (@ BSc Sports Science).
2014 - on	Human Nutrition (@ MSc Biology)

Public research grants:

- 2001 - 2003 Co-investigator in the UE IST-2001-33204 project "Healthy Market" for studying the effect of glycaemic load and total antioxidant activity of the diet on the prevention of the complications of the Metabolic Syndrome.
- 2002 - 2003 Co-investigator in the National Ministry of Research Project "Correlations between dietary habits, metabolic parameters and cardiovascular diseases in diabetic and/or insulin resistant patients".
- 2002 - 2006 Co-investigator, Strategic Project MURST-MIPAF - Ministry of University and Scientific Research & Ministry of Agricultural Resources and Forestry of Italy "Cereal-based functional foods".
- 2003 - 2005 Co-investigator, Project MURST – Ministry of University and Scientific Research of Italy "Intake and plasma levels of specific antioxidants in relation to dietary total antioxidant capacity".
- 2004 - 2007 Principal investigator in the UE IST-2004-507019 project "Personalized Information Platform for Life and Health Services".
- 2006 - 2008 Co-investigator in the UE IST-2005-027126 project "Improving Knowledge and Decision Support for Healthy Lifestyles".
- 2011 - 2015 Principal investigator in the AGER (Bank Foundations) Project "Valorisation of winemaking by-products and waste by application of innovative technologies for extraction of natural products of high added value"

Industrial Contracts:

- 2001 - 2002 Research contract from "Biosphere S.p.A." – Evaluation of nutritional characteristics of new types of table sugars added with functional ingredients (Principal investigator).
- 2004 - on Research contract from "Barilla G & R Fratelli" for the routine determination of Glycemic Index of cereal based products (Co-investigator).
- 2007 - on Research contracts from Ferrero Group for a study on the bioavailability of phenolic antioxidants in commercial beverages. (Principal investigator).
- 2007 - 2010 Research contract from Ferrero Group for the characterisation of the procyanidin content of hazelnut skins. (Principal investigator).
- 2010 - 2011 Research contract from SOFAR S.p.A. for carrying out an in vivo study to investigate the catabolism of *Sylbum Marianum* flavolignans. (Principal investigator).
- 2010 - 2011 Research contract from Ferrero Group for a study on the bioavailability of green tea flavanols in relation to colonic microbiota. (Principal investigator).
- 2010 - 2012 Contract with "Barilla G & R Fratelli" for the development of nutritional activities in the context of the educational programme "GIOCAMPUS". (Scientific coordinator).
- 2012 - 2014 Research contract from Ferrero Group for a study on the bioavailability and biological effects of hazelnut skins in humans. (Principal investigator).

2012 - 2014	Research contract from “Barilla G & R Fratelli” for a study on the absorption and metabolism of cereal phenolics in animal models. (Principal investigator).
2013 - 2014	Research contract from Ferrero Group for a study on the bioavailability and pharmacokinetics of caffeine. (Principal investigator).
2013 - 2015	Research project funded by the National Processed Raspberry Council (U.S.A.). Title: The protective effects of raspberry polyphenol metabolites on the development of diabetes and cardiovascular diseases – a study on their mechanisms of action (Principal investigator).
2014 - 2015	Research contract from “Biofortis Clinical Research” for the study of the bioavailability and metabolism of rosmarinic acid in humans.

Institutional appointments:

- Associate Editor of the International Journal of Food Sciences and Nutrition** (Informa Healthcare).
- Member of the Editorial Board of **Nutrition Metabolism & Cardiovascular Diseases** (Elsevier).
- Member of the Editorial Board of **Nutrition & Medicine** (Wurzburg University Press).
- Regional secretary of the Italian Human Nutrition Society (SINU).
- Member of the Royal Society of Chemistry (RSC)
- Member of the Italian Society of Diabetology (SID).
- Member of the Italian Physiological Society (SIF).
- Member of the “European Nutrition Leadership Programme” (ENLP) Alumni Association.
- Expert member in PREVE, EU Support Action (7thFP) identifying ICT research directions for disease prevention.
- Member of the Phytochemical Society of Europe.
- Member of the Parma University and Parma University Hospital Ethics Committee (September 2014 - June 2014).

Invited lectures at International conferences:

- 5th Probiotics, Prebiotics & New Foods Meeting, Rome, 13-15 September 2009. Title of the presentation: “Polyphenol catabolism in human: the molecules that really work”.
- 2nd International Conference on Food-omics, Cesena, 22-24 June 2011. Title of the presentation: “Phenolic compounds as functional ingredients: state of the art and future perspectives”.
- 6th Probiotics, Prebiotics & New Foods Meeting, Rome, 11-13 September 2011. Title of the presentation: “Dietary phenolics in human health and disease: from molecular mechanisms to preventive and therapeutic opportunities”.

5th International Conference on Polyphenols and Health (ICPH), Sitges, (Barcelona), Spain, 17-20 October 2011. Title of the presentation: "Polyphenols in the prevention of chronic diseases and related complications: in vitro studies with the right molecules".

26th International Conference on Polyphenols, Florence, Italy, 22-26 July 2012. Title of the presentation: "Dietary phenolics in human health: from molecular mechanisms to preventive opportunities".

1st Phenotypic Flexibility Symposium. February 4-6, 2013, El Escorial (Madrid), Spain. Title of the presentation: "Dietary (poly)phenols and human health and disease prevention: new perspectives for an old paradigm".

6th International Conference on Polyphenols and Health (ICPH), Buenos Aires, Argentina, 16-19 October 2013. Member of the Scientific Advisory Board. Title of the presentation: "New insights in the bioactivity of polyphenols: focus on colon-derived microbial metabolites".

Phytochemical Society of Europe Meeting on "Natural Products in Cancer Prevention and Therapy", 25-28 June 2013. Title of the presentation: "Dietary procyandins and gut microbiota - a virtuous backscratching against colon cancer?".

CoCoTea 2013 - Second international congress on Cocoa, Coffee and Tea; Naples (Italy) 09-11 October 2013. Title of the presentation: "Tea catechin bioavailability and bioactivity: a critical appraisal"

7th International Immunonutrition Workshop, "Eating for Preventing", 1st to the 3rd of May, 2014, Carovigno (Brindisi, Italy). Title of the presentation: "Dietary (poly)phenols: bioavailability, metabolism and immune related effects".

8th World Congress on Polyphenols Applications, June 5-6, 2014 - Lisbon, Portugal. Title of the presentation: "Human/microbial metabolites of dietary polyphenols: new actions in the cardiovascular context".

7th International Conference on Polyphenols and Health (ICPH), Tours, France, 27-30 October 2013. Member of the Scientific Advisory Board.

Invited lectures at national conferences:

- ISTITUTO NAZIONALE DI BIOSTRUTTURE E BIOSISTEMI, VIII CONVEGNO NAZIONALE, Roma, 23-24 ottobre 2008. "Recent advances in polyphenol bioavailability, catabolism and putative mechanism of action".

- 62° Congresso annuale della Società Italiana di Fisiologia, 25-27 Settembre 2011. "Nutrition, gut microbiota and human health: the peculiar case of polyphenols".

- 63° Congresso annuale della Società Italiana di Fisiologia, Verona il 21-23 Settembre 2012. "Glucose intolerance and its complications: new insights on mechanism of action exerted by polyphenols".

- 24° Congresso Nazionale della Società Italiana di Diabetologia, Torino 23-26 maggio 2012. "Quali e quanti antiossidanti nella dieta per il diabete?"

- 65° Congresso annuale della Società Italiana di Fisiologia, Anacapri il 28-30 Settembre 2014. "Diet-microbe interaction in the gut: the peculiar case of dietary (poly)phenols".

Prizes & Rewards: Thomson-Reuters Highly Cited Researcher 2014 (highlycited.com).

Patents: "Composition comprising urolithins and uses thereof for the stimulation of insulin secretion". European Patent - rule 143(1) EPC. Application no. 13306415.4 - 1464

Languages: Italian – mother tongue
English – Fluent (written and spoken)
French – Scholastic (written and spoken)
